REGAL

FLORENTINA

Dirilyte reflects the true beauty of gold.

As you can see in our cover illustration, nothing complements today's gold trimmed china more tastefully or distinctively than golden-hued Dirilyte flatware. And as you can see here, Dirilyte is available in four striking patterns, designed to blend with both traditional and contemporary decor.

Dirilyte individual pieces.

Dirilyte is not plated. It is solid . . . and far harder than sterling. It is lovely. It is lasting. It is quality through and through. And it has a remarkable bonded protectant that keeps it sparkling, without polishing, through hundreds of times in normal use. Small wonder Dirilyte is seen in today's finest stores and homes.
